# ABOUT THE WORKSHOPS AND COMPETITIONS

Scan the QR code to register your interest in the competitions and workshops and you will receive support materials to help with your project. Pupils must be able to attend TU Dublin, Grangegorman on June 4th if participating in a competition.

## *In-school Art and Science Workshops*

Workshops on galaxy drawing, solar model building and much more to do with your teachers! We provide the materials!

## *Build a Moon Base*

### **Who can join?**

- 4th class in Try Five+

### **What to do?**

- Each school submits one entry only.
- Pupils build a moon base using recycled materials together.
- Additional information will be provided.

## *Writing Contest*

### **Who can join?**

- 5th and 6th class pupils from schools participating in Try Five+ can join individually.

### **What to do?**

- Write 500 words of fiction based in one of the themes of the competition.
- Submit writing that is electronically typed online. One entry per person.
